

A Message from Cheril N. Clarke: Author, Playwright and founder of Clarke Productions LLC, a new theatrical production company geared toward the Gay, Lesbian & Transgender community.

Thank you for visiting Clarke Productions.

The mission of Clarke Productions is to provide quality theatrical entertainment, to become a highly respected company that provides this type of entertainment to the LGBT community and to build relationships through the arts. It is important to have a company that showcases a group of people who are often left out of leading roles on television and in theatre. That is what Clarke Productions is here to do. We can only do it, however, with generous donations and sponsorships from friends, fans and businesses.

Currently, Clarke Productions is in the process of producing its first stage play, which is based on my novel, "Intimate Chaos." In order to mount the best show possible we need your involvement. Having support from the community is essential for success in our mission to strengthen our voice and chronicle the realities of our life experiences.

It takes a lot of hard work and a coordinated effort to put together a great show. Actors, directors, stage managers, light and sound technicians, etc., are all needed to make this happen. Your contribution will help offset the cost of the first production, which will lead to additional productions throughout the country. Your help is vital in order for us to grow, improve in an evolutionary sense and meet long-term objectives.

For more information on how you can help Clarke Productions become a high-performing organization that is dedicated to the LGBT community, please visit www.clarkeproductions.info and click on the "Support" page. There you will find all the benefits you will receive in exchange as a show of our great appreciation for your generosity. Please contribute today so that we can grow and have a bright future. Whether you are an individual or business, we encourage *all* of you to share our vision and devotion to creating a home for our stories.

Thank you,
